Online, 11am–3pm

For more information and to book your space visit:

This autumn is a season of mission, and one unlike any we've known before. The shape of the Higher Tour in October is changing to fit the circumstances, but the heart remains the same: to see young people's lives changed by Jesus.

The material will be delivered in local schools using top quality video content from the bands, with a session leader in the room with the students to help them engage on a deeper level with the material. As part of a wider initiative called 'Message: Live', the bands will also take to newly-created digital platforms to clearly present the gospel to young people.

Care for the Family ... Behind the Scenes

After thirty plus years taking our family strengthening events on tour, we've had to do things

a little differently this autumn. Our team have been working hard through the summer months in order to bring you seven newly-filmed events and they will all be available online - free to view.

RAISING FAITH

Just fifty percent of children growing up in Christian homes will go on to have their own faith as adults.

As parents, if we want to encourage them to find a faith that lasts, we need to model a faith that is real. Join Katharine Hill and Andy Frost as they share ideas to help you explore your children's questions, inspire them to discover God in the everyday and more.

Viewing Dates: 6,7, 8 October at 7.30pm

GENR8 RESOURCES
videos, activity sheets and
prayer space material
made available to churches

GenR8 has been adapting to the changes brought about by the present circumstances - which have obviously meant that our face-to-face work with schools and churches has had to cease. In response to this we have produced videos, activity sheets and prayer space material for primary schools and would like to make these available to churches too, in support of their work with primary school age children.

Please visit - www.genr8.org/videos and
